No. 819/38-21 Dated. 15/17/6/21 Enc: 2 Reports & 3 sets of Annual Returns

From

Dr. H. B. Mylvaganam, F.R.C.S.,(Edin),
Inspector-General of Prisons
in Mysore, Bangalore.

Pris. II-20-1

To

B. Ramaswamaiya Esqr., B.A., B.L.,
Secretary to the Government of H. H. the
Maharaja of Mysore, Revenue Department,
Bangalore.

Sir,

I have the honor to submit the following report with the usual prescribed statistical returns on the administration of Jails and Lock-ups in the State for the Calendar year 1920.

2. The report was due to Government on 15th April 1921, but it was not possible to submit the same on the due date on account of non-receipt of Annual Returns from Mysore District and the necessary printed forms from the Superintendent - Government Press till 27th April 1921 and 30th May 1921 respectively.

Only 9 forms out of 23 were received in - duplicate

3. The Inspector-General of Prisons.

Rajakarya Pravina Rao Bahadur Dr. T.V. Arumugam Mudaliar was in charge of the Department from the beginning of the year under report till the end of June 1920. He was succeeded by - Dr. C. A. Nanjappa who remained in charge only up to 24th September 1920, on which date I succeeded him and continue to be in charge of the Department.

4. Divisions.

This report is divided into 3 parts Viz.,
Part I dealing with the Jails at Bangalore and Mysore.
Part II dealing with Lock-ups and -

Prs.

Part III containing observations on the General administration of the Department.

5. Classes of Jails and Lock-ups.

The number of Jails and Lock-ups remained the same as in previous years and they are as given under :-

1 Central Jail at Bangalore.

1 District Jail at Mysore.

6 District Lock-ups at the Head Quarter Towns of Districts except Bangalore and Mysore.

1 Special Lock-up at Kolar Gold-Fields.

71 Taluk Lock-ups at the Head Quarter Towns of Taluks and Sub Taluks.

Part I (Jails at Bangalore and Mysore)

6. Buildings and Accommodation

The buildings of the Central Jail at Bangalore are very old and dilapidated and require thorough repairs to make them safe and secure for the occupation of prisoners till the construction of a new Central Jail on modern lines is actually taken up on hand and completed.

The buildings of the Jail at Mysore are kept in a tolerably good state of repairs. The construction of dining sheds and a separate ward for Civil prisoners in the Mysore Jail has been taken up on hand and partly finished. Except the above, no additions and alterations were made in the Jail buildings both at Bangalore and Mysore during the year.

The accommodation for undertrial prisoners was reported to be insufficient in the Bangalore Central Jail during the year and arrangements are being made to construct a separate Lock-up for this class of prisoners.

In

In this connection, I may be permitted to offer a suggestion that is likely to lead to efficiency and economy in the administration of the Jails in Mysore. In a small State like Mysore with increased facilities for travelling, there no longer exists any necessity to have two separate Jails within easy reach of each other and worked at great expense to the Government. Both Bangalore and Mysore Jails being old and dilapidated, require extensive repairs to make them habitable and secure. Even then, they will not come up to the standard of a modern Jail built on the cellular system, providing a separate cell to each prisoner. The present practice of confining several prisoners together in one large cell at nights , what is known as association system, is considered objectionable for several obvious reasons. These two Jails are not amenable to such alterations without an outlay of a large capital, which is not worth incurring on these two old buildings. Instead of wasting money annually on these buildings on repairs, alterations, and additions, without any material advantage, it would be sound economy if a new Central Jail on modern up-to-date lines is built at Bangalore to serve the needs of the whole State and the Mysore Jail is abolished. As the need of a new building is urgently felt, the sooner this subject is taken up, the better it will be in point of efficiency and economy. One large Central Jail would be amenable to better supervision and management with a less number of officers and a smaller establishment than two separate Jails. The industrial portion of the work too could be better managed and developed at less cost in one institution than in two inadequately equipped institutions.

7. Admissions and Discharges.

The following table (statement No. 23 General Summary) shows particulars regarding all classes of prisoners admitted and discharged in the two Jails during the year under report :-

P.T.O.

	Convicts		Undertrials		Civil		Total		
	M.	F.	M.	F.	M.	F.	M.	F.	Total.
Remained at the commencement of the year.	765-	28	147	- 4	0	- 1	921-33		, 954
Admitted during the year.	1844	-110	1295	60	103	- 0	3242-170		3412
Discharged during the year under all causes.	1708	-103	1253	- 60	102	- 1	3033-164		3198
Remaining at the close of the year.	901	- 35	189	- 6	1	- 0	1200- 41		1141
Daily average number.	811·43	-33·33	180·05	-5·31	0·28	-. 01	997·77	-41·58	1039·35

8. From the above table it will be seen that at the beginning of the year there were 954 prisoners of all classes remaining, - 3412 were admitted and 3225 were discharged from all causes leaving a balance of 1141 prisoners at the end of the year. The daily - average number during the year was 1039·35 against 936 in 1910.

9. Convict Population.

Classification according to sex. (Statement No. I.)
Out of 1897 admissions under this class 1787 or 94·20 percent were males and 110 or 5·80 percent were females.

10. Religion (Statement No. 3.)

Classified according to religion 101 or 5·32 percent were Christians, 324 or 17·08 percent were Mohammedans, 1468 or 77·33 percent were Hindus and 4 or ·21 percent were Buddhists and Jains.

11. Age.

According to age, the number of convicts under 15 years of age was 40 or 2·14 percent, between 16 and 40, 1211 or 63·85 percent, between 40 and 60, 593 or 31·25 percent and above 60, 53 or 2·79 percent.

12. Education.

Classified according to the literacy 598 or 31·52 percent were able to read and write, 93 or 5·17 percent were able to read only

only and 1201 or 63.31 percent were illiterate.

13. Previous occupation.

Out of the total number of convicts imprisoned in the two Jails during the year, 1767 were males of whom :-

93 or 5.15 percent were Government or Municipal servants.

85 or 4.76 percent were persons in personal service.

653 or 36.84 percent were agriculturists.

154 or 8.62 percent were persons engaged in commerce & trade.

40 or 2.33 percent were persons employed in Arts & Manufactur

631 or 35.31 were miscellaneous persons not classed otherwise
132 or 7.39 per cent were professional persons.

14. Civil Condition of Females.

Out of 110 Females admitted there were 38 or 34.55 percent married women, 15 or 13.64 percent unmarried, 52 or 47.27 percent widows and 5 or 4.56 percent prostitutes.

15. Releases.

The number of convicts released from the two Jails during the year was 1811 of whom :-

1354 were released on expiration of sentence.

130 were released on appeal.

311 under remission rules.

3 were transferred to Lunatic Asylum.

2 were surrendered to British Authorities.

1 escaped.

9 died.

39 prisoners were transferred from one Jail to the other in the State.

55 were transferred to Vellore Central Jail.

There remained a balance of 907 convicts at the close of the year. The daily average number of convicts being 844.76.

16. Length of sentence (Statement No. 3.)

Out of 1897 convicts that were admitted into Jails nearly ⅔rds of the number i.e., 1618 were short termers not exceeding one year' sentence. 319 had sentences from one year to 5 years, 9 had sentences more than 5 years, 30 had transportation for life and 14 sentenced to suffer death.

17. Nature of sentence.

Classified according to the nature of sentence :-

155 or 8·17 percent had been sentenced to simple imprisonment.

1736 or 91·53 percent had been sentenced to rigorous imprisonment.

6 or 0·31 percent had been sentenced to rigorous imprisonment with solitary confinement.

18. Nature of offences.

As in previous years the offence of theft under Sections 379 to 381, 461 and 463 out numbered all other causes of imprisonment and the next comes under special Local and Municipal Laws.

19. Recommittals, Habituals and Juvenile Offenders. (Statement No.4.)

Out of the total number of convicts admitted into the two Jails during the year, 316 had been previously convicted of whom 31 were females. The admissions among Juveniles were 39 during the year under report of whom 13 were recommittals.

20. Escapes and Recaptures. (Statement No. 5).

One convict escaped from the Bangalore Central Jail and was subsequently recaptured during the year under report.

21. Offences and punishments. (Statement No. 6).

The number of offences recorded in the two Jails during the year was 538 against 355 in the previous year. All the offences were dealt with by the Superintendents of Jails themselves under the authority vested in them by the Prisons Act of 1870. Of the offences tried

tried by them 15 or 2·78 percent were met with corporal punishment against 31 or 8·33 percent in 1919.

22. Convict Officers (Statement No. 7.)

Among the daily average number of 844 convicts 33 or 8· 0 percent were employed as Prison Officers in the two Jails during the year under report against 89 or 11·31 percent of the daily average number in 1919.

23. Remission System (Statement No. C.)

The number of convicts released under remission rules contained in Chapter XX of the Mysore Jail Manual was 311 against 233 in the previous year. The maximum remission gained in days was 1436 by a life term convict of the Bangalore Central Jail. - Similarly the maximum amount of gratuity earned by another convict of the same Jail was Rs.45/-. The average gratuity earned by - convicts released was Rs. 1-6-7 during the year under report against Rs.3-2-1 in the year 1919.

The practice of mustering prisoners and explaining to them the benifit of the remission rules is being enforced in both the Jails.

24. Undertrial Prisoners (Statement No. 18).

At the beginning of the year there remained in the two Jails 151 prisoners of this class. New admissions numbered 1355, making a total of 1506; of these 135 were released on bail, 56[illegible] discharged and acquitted by Magistrates, 601 were convicted and sentenced, 1 was transferred, 5 escaped and 3 died, leaving a balance of 195 at the close of the year. The number of admissions of Undertrials were on the increase during the year under report as it was the case last year.

25. Civil Prisoners.

The number of Civil prisoners in the two Jails at the commencement of the year was 9. 103 were admitted and discharg during

16

during the year leaving a balance of 9 prisoners at the end of the year. The daily average number of this class of prisoners was 6.32.

36. Gross Expenditure. (Statement No. 9.)

Excluding the outlay on repairs to buildings the gross expenditure of the year in the two Jails was Rs. 130,003-6-10 against Rs.104,770-5-5 i.e., Rs 25,265-1-5 in excess of the expenditure of the previous year. Out of this amount the expenditure under the head Dietary Charges is responsible for an increase of Rs. 18773-3-10 due to the high rates at which the ration articles were purchased during the year and also to the increased daily average number of Prison Population.

The expenditure under the head clothing and bedding of prisoners also shows an increase of Rs.3463-0-5, which is chiefly due to the increase in the number of convict population of the two Jails.

The excess of expenditure of Rs.2010-5-3 under the head establishment charges is due to the grant of high price allowance to all the officials of the Jail Department.

The increase under other heads is chiefly due to abnormal prices at which the articles required for use in the Jails were obtained during the year and consequently the cost per head in the Jails rose from Rs. 113-3-6 in 1919 to Rs. 125-5-11 during the year under report.

37. Employment of Convicts. (Statement No. 11.)

Among the daily average number of 844'76 convicts 790 or 93'49 percent were available for work, the rest being either convicts undergoing simple imprisonment, sick and convalescent or infirm or those that could not be employed for other reasons.

Out of the convicts available for work 93 or 11'77 percent were employed as prison officers, 89 or 11'55 percent as prison servants and 217 or 27'46 percent on manufactures.

28. Cash Earnings (Statement No.12)

The result of employment of convicts on manufactures was that a sum of Rs. 15629-8-8 was realised as revenue against Rs.13868-0-9 during the year 1919. The average cash earnings per head of working convicts fell from Rs. 18-8-8 to Rs.15-5-9 in the year under report. The decrease is mainly due to less sales effected in the Manufacture Department of the two Jails in consequence of the high prices of raw materials required for manufactures and also to a great number of manufactured articles such as prisoners' clothing and cumblies etc., used for prison consumption.

29. Net cost of Prisoners.

The gross cost of maintenance of prisoners in the two Jails amounted to Rs.150305-6-10 as mentioned in para 26. If the total cash earnings of Rs.12,629-8-8 is deducted from this amount the net cost of maintenance comes up to Rs.1,17,673-14-2 or Rs.113-3-8 per head against a net cost of Rs.90,210-1-6 or Rs. 98-2-10 per head in the year 1918.

This increase is due to the reasons stated in paras 26 and 28 supra.

30. Industries in the two Jails.

There is much scope for improvement of Industries in both the Jails. Proposals submitted to Government in this connection together with the scheme for revising the establishment of work instructors are pending their orders.

Under the existing conditions with inadequate facilities and under paid Instructors, it is not possible to increase the income of the Jails. In order to place the Industries on a more profitable footing, the appointment of a technical expert to advise and supervise the work done in the Jails, appears to be indispensable . The need of a highly trained and adequately paid staff of instructors is also greatly felt. Increased facilities

in

in the way of up-to-date machineries for weaving etc., are - urgently needed. The cotton articles manufactured at present in the Jails such as sheetings, towels, dusters etc., are very coarse and inferior in quality. There is a great future for the carpet industry which requires expansion under skilled workmen. A show room in a prominent part of the town to exhibit the manufactured articles of Jails is needed, in order to acquaint the public,of the possiblities of our Jails and to invite more customers. Unless this work is done on a purely business basis with a better class of trade instructors and better equipped work shops, it would be idle to expect an increase in the Jail income.

It is also desirable that all the chief industrial work of a remunerative nature should be confined to the Central Jail, instead of splitting it among the two Jails as at present as it would be easy of equipment and supervision. Less important manufactures not requiring expert supervision such as prison clothing and cumblies and such like articles may be manufactured in Mysore Jail.

The practice of sending out convicts for extra-mural work needs stopping at once as it is unremunerative . These convicts could be profitably employed in the work sheds which would be remunerative to Government and instructive to the - prisoners themselves. If extra-mural work is stopped, a less number of warders will be required for the Jails.

31. Part II (Lock-ups).

The District and Taluk Lock-ups in the State remained the same as in previous years.

The dual control of the Taluk Lock-ups by the Police and the Prisons Department is not sound. The location of Taluk Lockups with separate establishments of their own at places where Special Magistrates' Courts are held and the abolition of such Taluk - Lock-ups where Amildars are not exercising magisterial powers are becoming necessary. The construction of a compound wall to the special

19

Special Lock-up at Kolar-Gold-Fields has been nearly completed during the year under report.

32. The table given here under shows the number of all classes of prisoners admitted and discharged in the Lock-ups of the State during the year under report.

	Convicts M.	F.	Undertrials M.	F.	Civil M.	F.	Total M.	F.	Total
Remained at the commencement of the year.	52-4		333	-10	0	- 0	376	-14	- 389
Admitted during the year. . . .	1594-64		6533-	373	8	- 0	8135-	437	- 8572
Discharged.	1593-68		6692-	373	8	- 0	8293-	441	- 8734
Remained at the end of the year.	53- 0		314-	10	0	- 0	367-	10	- 377
Daily average. . .	59·14	1·63	280·00	11·00	0·17	0	340·10	13·40	353·50

It is seen from the above table that at the beginning of the year under report there remained in the Lock-ups of the State a total population of 389 prisoners of all classes, 8572 were admitted, 8734 were discharged from all causes and 377 remained in confinement at the end of the year. The daily average number of prisoners was 353·50 against 410·74 in 1935.

33. Out of 8572 admissions the number of convicts was 1658. Undertrials 6956 and the Civil prisoners 8.

34. Convicts.

Out of 1658 convicts admitted into the Lock-ups of the State during the year, only 778 Convicts were of one month's imprisonment and under, who under-went the sentence in the Lock-ups. Out of this number (778) 739 or 95·00 percent were males. 39 or 5·01 percent were females.

35. Religion.

Out of 778 admissions, there were 13 Christians 104 - Mahommedans, 660 Hindus and 1 Jain.

36. Age.

Among 778 admissions into the Lock-ups 14 prisoners were u. 15 years of age, 630 were between 16 and 40, 133 were between 40 and 60 and 11 were above 60.

37. Education.

Classified according to education. 100 were able to read and write, 3 were able to read only, and 675 were illiterate.

38. Previous occupation.

Out of 778 Convicts admitted into the Lock-ups of the State during the year under report, there were 739 males of whom :-

11 were Government or Municipal servants.

3 were persons in personal service.

13 were professional persons.

555 were agriculturists.

19 were engaged in commerce and trade.

13 were employed in Mechanical art and Manufactures.

126 were persons engaged in miscellaneous work not classified otherwise.

Civil condition of Females.

Out of 39 Female Convicts admitted into the Lock-ups :-

23 were married

8 unmarried

9 widows.

40. The number of convicts released from the Lock-ups from all causes during the year was 2681. Of whom 876 were sent to Jails within the State to undergo sentence, 40 were released on bail, 745 on expiration of sentence, 3 escaped. The balance at the close of the year was 53 and the daily average number was - 60·97.

41. Undertrial prisoners.

At the beginning of the year under report, there re-

mained

remained in all the Lock-ups of the State a total number of 333 undertrial prisoners; 6956 were admitted during the year making a total of 7289 prisoners. Of these 668 were released on bail, 2069 were discharged and acquitted by Magistrates, 1712 were released by Police, 1553 were convicted and sentenced, 1070 were transferred from one Lock-up to another, 10 escaped and 3 died leaving a balance of 324 at the close of the year. The average period of accused undertrial is 19 days during the year under report against 16 days in 1919.

42. Civil Prisoners

There were 8 admissions of civil prisoners in the Lock-ups of the State (5 in the District Lock-up Shimoga and 3 in the District Lock-up Chitaldrug) during the year under report and these 8 were released during the year leaving no balance at the end of the year.

43. Expenditure in Lock-ups

The gross expenditure in all the Lock-ups of the State amounted to Rs.51,300-15-4 during the year under report against Rs.52, 200-12-8 in 1919. The small decrease is due to the less - number of average prison population confined in the Lock-ups during the year, but the cost per head rose to Rs 153-12-6 during the year from 127-1-7 per head in the year 1919 for cause clearly mentioned in para 26.

44. Employment of convicts.

Convicts confined in the Lock-ups are usually employed in cleaning the Lock-up premises and in preparing food to the inmates of the Lock-up and as such no amount is shown as earnings in any of the Lock-ups. But in the District Lock-ups at Hassan and Shimoga an - amount of Rs. 15-12-1 and 43-1-10 respectively has been realized from the sale of grass and other garden produce.

22

Part III.

45. Observations on the General Administration of the Department.

The year under report opened with a balance of 1343 prisoners of all classes confined in the Jails and Lock-ups of the State. 12034 prisoners were admitted, 11959 were discharged from all causes and 1418 remained in confinement at the end of the year. The daily average number of prisoners was 1372·84 against 1336·71 in the previous year.

46. The gross expenditure incurred in the Department during the year was Rs.1,81,604-6-8 against Rs.1,68,978-8-1 or 13-4-4 per head of average strength against Rs.117-6-11 per head during 1919.

47. Mr. Mahomed Obeidulla was in executive and general charge of the Bangalore Central Jail throughout the year and Drs.Asirvatham and Abboy Naidu were in Medical Charge of the Institution, the former from 1st January to 26th October 1920 and the latter from 27th October 1920 to the end of the year respectively.

Dr. C. Rajagopal Mudaliar was in General and Medical charge of the Jail at Mysore from the beginning of the year upto 14th November 1920 and he was succeeded by Dr. B.K. Narayana Rao, who continues to be the Superintendent and Medical Officer of the said Jail.

48. The health of prisoners in the Jails and Lock-ups of the State was good throughout the year. The total number of deaths of all classes of prisoners being only 15 against 17 in the year previous. Out of 15 deaths, 9 were convicts and 6 were undertrial prisoners.

49. There were 7 deaths among convicts in the Bangalore Central Jail and 2 in the Mysore Jail due to the following causes :-

Bangalore Central Jail.	2	due to dysentry	Mysore Jail. 1 due to Tuberculosis.
	1	" Malarial fever	1 due to Chronic intestinal obstruction.
	1	" Tuberculosis	
	1	" Hyperthyroidism	
	2	" Pneumonia	

50. The percentage of deaths among convicts when compared with the average strength was worked out thus :-

	Average No. of Convicts.	Deaths percent.
Bangalore Central Jail.	700	1·00
Mysore Jail.	144·76	1·38

51. Out of 6 deaths among undertrial prisoners 2 occurred in the Bangalore Central Jail and 1 in the Mysore Jail and 1 each in the following Districts, Viz., Bangalore, Tumkur and Shimoga.

52. Mortality among convicts according to length of original sentence.

Of the 3 deaths among convicts 4 occurred among those who were undergoing sentences not exceeding one year; 3 among those whose sentence did not exceed 3 years, 1 among those whose sentence did not exceed 7 years, and 3 among those whose sentence was above 7 years.

53. Mortality according to the length of time passed in Jail.

Out of the total number of deaths among convicts 6 died within 6 months after admission to Jails, 1 within one year and 3 within 7 years.

54. Accommodation.

There was over crowding in the Bangalore Central Jail during the year on account of large number of admissions of undertrial prisoners. These prisoners had therefore to be confined for some time in the barracks intended for convicted prisoners.

The District Magistrates of Kolar, Tumkur and Shimoga have been requested to arrange for separately confining undertrial prisoners from convicts. In such of the Taluk Lock-ups where sufficient accommodation is not available for the purpose, proposals for constructing separate wards for each class of prisoner have been called for, but not yet received from the Magistrates.

55. Condition of Convicts discharged.

The total number of convicts discharged during the year was 3472 against 3895 in 1919. Of these 1661 convicts who were released from Lock-ups were not weighed as the system of weighment is not in force in Lock-ups. Out of the remaining 1811 - convicts who were released from Jails 1028 had gained weight - 337 had lost weight and the remaining 446 had neither gained nor lost.

56. Drainage and Conservancy.

There was no change in any of the Jails or Lock-ups of the State in the arrangements for drainage and conservancy.

57. Diet.

Articles of diet as prescribed in the Jail & Lock-up Manuals were issued to prisoners confined in Jails and Lock-ups of the - State, the tender system being followed as usual in procuring the articles of diet.

58. Water Supply.

The water required for the use of prisoners in the two Jails at Bangalore and Mysore and at the Lock-ups at Kolar, Chikmagalur Chitaldrug, Harihar and Kolar Gold-Fields is obtained from pipe connection of the Water Supply Department but in all the other - Lock-ups it is obtained from wells situated in or near the compounds of the Lock-ups concerned. The supply was abundant and - wholesome throughout the year with the exception of a few weeks during the hot season, when the supply in the Bangalore Central Jail and Mysore Jails was insufficient.

59. Clothing and Bedding

Clothing and Bedding were issued to prisoners according to seasonal requirements and rules in force.

25

60. Religious and Moral Instructions in Jails.

Religious Teachers of different denominations viz., Christian, Muslman and Hindu were allowed to hold religious classes in the Jails on every Sunday for prisoners of their respective persuasion, and the arrangement worked satisfactorily during the year under report. The prisoners who were literate were also allowed to have the use of religious books to read in their leisure hours. As per para 11 of Government Order No.G.5750-63/ Pris 48-19-7 dated 11th September 1950, the Inspector-General of Education was consulted during the year in the matter of imparting religious and moral instructions to convicts in the Jail and the proposal submitted to Government in that connection is pending their orders.

61. Inspection of Jails and Lock-ups.

The Central Jail at Bangalore and the District Jail at Mysore were inspected by me once in detail during the year under report. In addition to the detailed inspection I visited the Central Jail at Bangalore three times and the District Jail at Mysore six times during the year. Six District Lock-ups, one Special Lock-up and four Taluk Lock-ups were also inspected by me in detail during the year but more inspection work of the Lock-ups could not have been done owing to the charge of Inspector-General during the year.

The weak state of health of my predecessor Dr. C.A. Nanjappa prevented him from making any extensive inspections. When I was appointed to act for him, I had also the charge of the Victoria Hospital for sometime, which prevented my going out on tour. All the above inspections were done by me during the short period at my disposal from the time I was relieved of the charge of Victoria Hospital upto the close of the year.

The total number of Lock-ups inspected during the year by the District Magistrates of all Districts is 51.

62.

62. Non-Official Visitors.

Mr. M. Venkatakrishnaiya, the Non-Official Visitor of the Mysore Jail, visited the Jail once during the year but those appointed to the Bangalore Central Jail did not pay any visits to the Jail during the year under report.

63. Official Visitors.

The only official visitor that visited the Jails and Lock-ups during the year were the Sessions Judge Bangalore, the Sanitary Commissioner in Mysore, and the Sessions Judge Chitaldrug.

The 1st and the 3rd visited the Central Jail at Bangalore twice and once respectively. The last Officer visited the District Lock-up at Chitaldrug once.

64. Establishment

The following subjects require the earnest consideration of the Government and early settlement .-

(1) Construction of a new Central Jail at Bangalore.
(2) Establishment of a Reformatory for Juvenile offenders.
(3) Improvement of Manufactures in the Central Jail.
(4) Revision of Establishments of the Department. .

65. Medical Staff.

In the proper administration of any Jail, it is essential that all the officers and the subordinate staff should be recruited from the best available material. It is to be regretted that the educational standard of the subordinate staff of our Jails is very low and the work of the Jails has thereby suffered on account of their inefficiency. The low pay offered and the slow promotions in service have kept back the best men from seeking service in the Jail Department. It is also desirable for the better administration of the Jail that the staff should be divided into two branches, executive and clerical. At present there is no such line of demarcation and an official who has spent a longer portion

of his service on clerical work is suddenly called upon to fill a vacancy in the executive branch, for which he is not fitted, other-wise he loses his promotions.

65. Warder Establishment.

The scale of pay of the warder establishment needs early revision in order to recruit a better class of men - for the service. The nature of their work is more tedious and monotonous than that of an ordinary constable and their close association with the prisoners has great influence on them either for good or for evil. Most of the warders in service are open to temptation and curruption forced by the meagre pay offered to them. To make the post attractive, the warders should be given a pay higher than that of a constable with free quarters near the Jail. Unless some such encouragement is - shown, it will not be possible to secure an honest and conscientious class of men for this work.

66. The staff of my office has worked satisfactorily during the year.

66. On the whole, the health, discipline and conduct of prisoners were good throughout the year.

I have the honor to be,

Sir,

Your most obedient servant,

H B Meyboogaard

Offg. Inspector-General of Prisons.

Revised Jail No. 23]

GENERAL SUMMARY.

Read:-

Letter No.864/38-21 dated 28th/29th June 1921 from the Inspector General of Prisons in Mysore, submitting the report on the administration of Jails and Lock-ups in the state for the calendar year 1920.

Order No. 1405-18

R E C O R D E D.

2. The report, which was due in the Secretariat on the 15th April 1921, was received so late as the 28th June 1921. The delay is attributed to the non-receip in time of the returns due from the Mysor District and of forms from the Superinten dent, Government Printing, Bangalore. - Government hope that such delays will be avoided in future.

3. The number of prisoners of all classes admitted to the Jails and Lock-up in the State during the year was 12,034 against 13,878 in the previous year. This gives, with the number pending at the beginning of the year, a daily average prison population of 1372.94 against. - 1336.71 in 1919.

4. The number of youthful offenders admitted showed a slight increase, from 36 in 1919 to 39 in the year under review and the number with previous convictions also rose from 6 to 12. Government have recognised the urgent necessity for

providing a jail for the exclusive accommodation and education of juveniles, and the question of the establishment of a Reformatory is under their active consideration in the light of the recommendations of the Indian Jails Committee.

5. Four convicts escaped from the Jails and Lock-ups during the year against three in the previous year and all of them were recaptured.

6. The gross expenditure of the Department during the year increased from Rs.1,56,979-2-1 to Rs.1,81,604-6-2 and the cost per head of population from Rs.117-6-1 to Rs.132-4-4. The increase is accounted for mainly by the high rates at which ration articles were purchased and the high prices allowance granted to the officials of the Department.

7. Realisations from the employment of convicts on manufactures in the Jails, fell from Rs.13,868-0-9 in 1919 to Rs.12,629-8-9 in the current year, giving an average cash earning per head of working convicts of Rs.15-5-9 against Rs.18-8-8- in the previous year. The decrease in earnings is attributed to the dullness of market - on account of high prices ~~allowances~~ of raw materials and to the large number of articles manufactured for the use of the prison population. Thus the average net cost of maintenance per head in the Jails was Rs113-3-6 against Rs.98-2-10 in 1919. Government trust that, with the improvement of industries in the two jails, proposals

regarding the which have just been sanctioned, there will be a considerable rise in the earnings in the current and future years.

8. The average cost per head in the lock-ups rose from Rs.127 to Rs.154. The reason for the increase is stated to be high prices of articles of food and the unremunerative nature of the work upon which the lock-up prisoners are employed. Government observe that the cost of maintenance is too high and that, with proper scrutiny, it will be considerably reduced.

9. The health of the prisoners continued to be good during the year. Hospital admissions of sick prisoners, which totalled 844 in 1918, and 617 in 1919, came down to 511 during the year under review. The number of deaths similarly decreased from 47 in 1918 to 17 in 1919 and to 15 in 1920. The percentage of sickness and deaths to the total prison population was 4.24 in the case of the former and .12 in the case of the latter.

10. The arrangement of weekly classes for imparting religious and moral instruction to prisoners in jails worked satisfactorily during the year. Proposals for effecting improvements in this direction suggested by the Inspector General, in consultation with the head of the Education Department, are under the consideration of Government.

11. It is a matter of regret that while

only one non-official visitor visited the Mysore Jail once during the year, the non-official visitors of the Bangalore Central Jail paid no visits at all, in spite of the observations made in the Government review on the administration report for the previous year. Lack of interest in this matter was also displayed by the ex-officio visitors, the only officers who visited the jails and lock-ups being the Sessions Judges of Bangalore and Shimoga and the Sanitary Commissioner. Government wish to impress once again on the visitors the importance of their visits to the institutions and trust that they will begin to evince greater interest in the matter.

12. Government are glad to note that the administration of the Department was on the whole satisfactory.

REPORT ON THE ADMINISTRATION OF JAILS AND LOCK-UPS IN THE STATE FOR THE CALENDAR YEAR 1920 WITH THE GOVERNMENT REVIEW THEREON.

WD 2313—GPB—3-10-21—255.

Government of His Highness the Maharaja of Mysore.

GENERAL AND REVENUE DEPARTMENTS.

G. O. No. J. 1405-18—Pris. 71-20-4, dated 6th September 1921.

Administration Report of Jails and Lock-ups.

eviews the —— in the State for the calendar year 1920.

READ—

Letter No. 864—38-21, dated 28—29th June 1921, from the Inspector-General of Prisons in Mysore, submitting the report on the Administration of Jails and Lock-ups in the State for the calendar year 1920.

ORDER NO. J. 1405-18—PRIS. 71-20-4, DATED 6TH SEPTEMBER 1921.

Recorded.

2. The report, which was due in the Secretariat on the 15th April 1921, was received so late as the 28th June 1921. The delay is attributed to the non-receipt in time of the returns due from the Mysore District and of forms from the Superintendent, Government Printing. Government hope that such delays will be avoided in future.

3. The number of prisoners of all classes admitted to the Jails and Lock-ups in the State during the year was 12,034, against 13,878 in the previous year. This gives with the number pending at the beginning of the year, a daily average prison population of 1372·94 against 1336·71 in 1919.

4. The number of youthful offenders admitted showed a slight increase, from 36 in 1919, to 39 in the year under review, and the number with previous convictions also rose from 6 to 12. Government have recongnised the urgent necessity for providing a Jail for the exclusive accommodation and education of juveniles, and the question of the establishment of a Reformatory is under their active consideration in the light of the recommendations of the Indian Jails Committee.

5. Four convicts escaped from the Jails and Lock-ups during the year against three in the previous year and all of them were recaptured.

6. The gross expenditure of the Department during the year increased from Rs. 1,56,979-2-1, to Rs. 1,81, 604-6-2, and the cost per head of population from Rs. 117-6-11, to Rs. 132-4-4. The increase is accounted for mainly by the high rates at which ration articles were purchased and the high prices allowance granted to the officials of the Department.

7. Realisations from the employment of convicts on manufactures in the Jails, fell from Rs 13,868-0-9, in 1919, to Rs. 12,629-8-9, in the current year, giving an average cash earning per head of working convicts of Rs. 15-5-9, against 18-8-8, in the previous year. The decrease in earnings is attributed to the dulness of market on account of high prices of raw materials and to the large number of articles manufactured for the use of the prison population. Thus, the average net cost of maintenance per head in the Jails was Rs. 113-3-6, against Rs. 98-2-10 in 1919. Government trust that, with the improvement of industries in the two Jails, proposals regarding which have just been sanctioned, there will be a considerable rise in the earnings in the current and future years.

8. The average cost per head in the Lock-ups rose from Rs. 127 to Rs. 154. The reason for the increase is stated to be high prices of articles of food and the unremunerative nature of the work upon which the Lock-up prisoners are employed. Government observe that the cost of maintenance is too high and that, with proper scrutiny, it will be considerably reduced.

9. The health of the prisoners continued to be good during the year. Hospital admissions of sick prisoners which totalled 844 in 1918, and 617 in 1919, came down to 511 during the year under review. The number of deaths similarly decreased from 47 in 1918, to 17 in 1919, and to 15 in 1920. The percentage of sickness and deaths to the total prison population was 4·24 in the case of the former and ·12 in the case of the latter.

10. The arrangement of weekly classes for imparting religious and moral instruction to prisoners in Jails worked satisfactorily during the year. Proposals for effecting improvement in this direction suggested by the Inspector-General, in consultation with the Head of the Education Department, are under the consideration of Government.

11. It is a matter of regret that while only one non-official visitor visited the Mysore Jail once during the year, the non-official visitors of the Bangalore Central Jail paid no visits at all, in spite of the observations made in the Government review on the Administration Report for the previous year. Lack of interest in this matter was also displayed by the *ex-officio* visitors, the only officers who visited the Jails and Lock-ups being the Sessions Judges of Bangalore and Shimoga and the Sanitary Commissioner. Government wish to impress once again on the visitors the importance of their visits to the institutions and trust that they will begin to evince greater interest in the matter.

12. Government are glad to note that the administration of the Department was on the whole satisfactory.

PRESS TABLE.

Exd.—T. N.

No. 819—38-21. Enc

Dated Bangalore, 15th—17th June 1921.

FROM

DR. H. B. MYLVAGANAM, F. R. C. S., (ENG.)
Inspector-General of Prisons in Mysore, Bangalore.

To

B. RAMASWAMAIYA, ESQ., B. A., B. L.,
Secretary to the Government of
H. H. the Maharaja of Mysore,
Revenue Department, Bangalore.

Sir,

I have the honor to submit the following report with the usual prescribed statistical returns on the Administration of Jails and Lock-ups in the State for the calendar year 1920.

2. The report was due to Government on 15th April 1921, but it was not possible to submit the same on the due date on account of non-receipt of Annual Returns from Mysore District and the necessary printed forms from the Superintendent, Government Press till 27th April 1921 and 30th May 1921, respectively.

3. *The Inspector-General of Prisons.*—Rajakaryapravina Rao Bahadur Dr. T. V. Arumugam Mudaliar was in charge of the department from the beginning of the year under report till the end of June 1920. He was succeeded by Dr. C. A. Nanjappa who remained in charge only up to 24th September 1920, on which date I succeeded him and continue to be in charge of the department.

4. *Divisions.*—This report is divided into three parts, *viz.*—

Part I dealing with two Jails at Bangalore and Mysore.

Part II dealing with Lock-ups and—

Part III containing observations on the general administration of the department.

5. *Classes of Jails and Lock-ups.*—The number of Jails and Lock-ups remained the same as in previous years and they are as given under :—

1. Central Jail at Bangalore.
1. District Jail at Mysore.
6. District Lock-ups at the headquarter towns of districts except Bangalore and Mysore.
1. Special Lock-up at Kolar GoldFields,
71. Taluk Lock-ups at the headquarter towns of taluks and sub-taluks.

PART I (JAILS AT BANGALORE AND MYSORE.)

6. *Buildings and accommodation.*—The buildings of the Central Jail at Bangalore are very old and dilapidated and require thorough repairs to make them safe and secure for the occupation of prisoners till the construction of a new Central Jail on modern lines is actually taken up on hand and completed.

The buildings of the Jail at Mysore are kept in a tolerably good state of repairs. The construction of dining sheds and a separate ward for Civil prisoners in the Mysore Jail has been taken up on hand and partly finished. Except the above, no additions and alterations were made in the Jail buildings both at Bangalore and Mysore during the year.

The accommodation for undertrial prisoners was reported to be insufficient in the Bangalore Central Jail during the year and arrangements are being made to construct a separate Lock-up for this class of prisoners.

In this connection, I may be permitted to offer a suggestion that is likely to lead to efficiency and economy in the administration of the Jails in Mysore. In a small State like Mysore with increased facilities for travelling, there no longer exists any necessity to have two separate Jails within easy reach of each other and worked at great expense to the Government. Both Bangalore and Mysore Jails being old and dilapidated, require extensive repairs to make them habitable and secure. Even then, they will not come up to the standard of a modern Jail built on the cellular system, providing a separate cell to each prisioner. The present practice of confining several prisoners together in one large cell at nights, what is known as association system, is considered objectionable for several obvious reasons. These two Jails are not amenable to such alterations without an outlay of a large capital, which is not worth incurring on these two old buildings. Instead of wasting money annually on these buildings on repairs, alterations, and additions, without any material advantage, it would be sound economy if a new Central Jail on modern up-to-date lines is built at Bangalore to serve the needs of the whole State and the Mysore Jail is abolished. As the need of a new building is urgently felt, the sooner this subject is taken up, the better it will be in point of efficiency and economy. One large Central Jail would be amenable to better supervision and management with a less number of officers and a smaller establishment than two separate Jails. The Industrial portion of the work too could be better managed and developed at less cost in one institution than in two inadequately equipped institutions.

7, *Admissions and discharges.*—The following table (Statement No. 23, General Summary) shows particulars regarding all classes of prisoners admitted and discharged in the two Jails during the year under report:—

	Convicts		Undertrials		Civil		Total		Total
	M	F	M	F	M	F	M	F	
Remained at the commencement of the year ...	766	28	147	4	8	1	921	33	954
Admitted during the year ...	1844	110	1295	60	103	0	3242	170	3412
Discharged during the year under all causes ...	1708	103	1253	58	102	1	3063	162	3225
Remaining at the close of the year	902	35	189	6	9	0	1100	41	1141
Daily average number ...	811·43	33·33	180·06	8·21	6·28	04	997·77	41·58	1039·35

8. From the above table it will be seen that at the beginning of the year there were 954 prisoners of all classes remaining, 3,412 were admitted, and 3,225 were discharged from all causes leaving a balance of 1,141 prisoners at the end of the year. The daily average number during the year was 1,039·35 against 926 in 1919.

9. *Convict population.*—Classification according to sex. (Statement No. I.) Out of 1,897 admissions under this class 1,787 or 94·20 per cent were males and 110 or 5·80 per cent were females.

10. *Statement No. II. Religion.*—Classified according to religion 101 or 5·32 per cent were Christians, 324 or 17·08 per cent were Mohammedans, 1468 or 77·39 per cent were Hindus and 4 or ·21 per cent were Buddhists and Jains.

11. *Age.*—According to age, the number of convicts under 15 years of age was 40 or 2·11 per cent, between 16 and 40, 1,211 or 63·85 per cent, between 40 and 60, 593 or 31·25 per cent and above 60, 53 or 2·79 per cent.

12. *Education.*—Classified according to the literacy 598 or 31·52 per cent were able to read and write, 98 or 5·17 per cent were able to read only and 1,201 or 63·31 per cent were illiterate.

13. *Previous occupation.*—Out of the total number of convicts imprisoned in the two Jails during the year, 1,787 were males, of whom :—

92 or 5·15 per cent were Government or Municipal servants.

85 or 4·76 per cent were persons in personal service.

653 or 36·54 per cent were agriculturists.

154 or 8·62 per cent were persons engaged in commerce and trade.

40 or 2·33 per cent were persons employed in arts and manufactures.

631 or 35·31 were miscellaneous persons not classed otherwise.

132 or 7·39 per cent were professional persons.

14. *Civil condition of females.*—Out of 110 females admitted there were 38 or 34·55 per cent married women, 15 or 13·64 per cent unmarried, 52 or 47·27 per cent widows and 5 or 4·54 per cent prostitutes.

15. *Releases.*—The number of convicts released from the two Jails during the year was 1,811 of whom :—

1,354 were released on expiration of sentence.

130 were released on appeal.

211 under remission rules.

3 were transferred to Lunatic Asylum.

2 were surrendered to British Authorities.

1 escaped.

9 died.

39 prisoners were transferred from one Jail to the other in the State.

55 were transferred to Vellore Central Jail.

There remained a balance of 937 convicts at the close of the year.

The daily average number of convicts being 844·76.

16. *Statement No. III. Length of sentence.*—Out of 1,897 convicts that were admitted into Jails nearly 8ths of the number, *i. e.*, 1,616 were short termers not exceeding one year's sentence, 219 had sentences from one year to 5 years, 9 had sentences more than 5 years, 39 had transportation for life and 14 sentenced to suffer death.

17. *Nature of sentence.*—Classified according to the nature of sentence :—

155 or 8·17 per cent had been sentenced to simple imprisonment.

1,736 or 91·52 per cent had been sentenced to rigorous imprisonment.

6 or 0·31 per cent had been sentenced to rigorous imprisonment with solitary confinement.

18. *Nature of offences.*—As in previous years the offence of theft under Sections 379 to 381, 461 and 462 out-numbered all other causes of imprisonment and the next comes under special Local and Municipal Laws.

19. *Statement No. IV. Recommittals, habituals and juvenile offenders.*—Out of the total number of convicts admitted into the two Jails during the year, 314 had been previously convicted of whom 21 were females. The admissions among Juveniles were 39 during the year under report of whom 12 were recommittals.

20. *Statement No. V. Escapes and recaptures.*—One convict escaped from the Bangalore Central Jail and was subsequently recaptured during the year under report.

21. *Statement No. VI. Offences and punishments.*—The number of offences recorded in the two Jails during the year was 538 against 352 in the previous year. All the offences were dealt with by the Superintendents of Jails themselves under the authority vested in them by the Prisons Act of 1870. Of the offences tried by them 15 or 2·78 per cent were met with corporal punishment against 21 or 8·33 per cent in 1919.

22. *Statement No. VII. Convict officers* —Among the daily average number of 844 convicts 92 or 8·09 per cent were employed as Prison officers in the two Jails during the year under report against 89 or 11·21 per cent of the daily average number in 1919.

23. *Statement No. C. Remission system.*—The number of convicts released under remission rules contained in Chapter XX of the Mysore Jail Manual was 211 against 233 in the previous year. The maximum remission gained in days was 1,426 by a life term convict of the Bangalore Central Jail. Similarly the maximum amount of gratuity earned by another convict of the same Jail was Rs. 43

The average gratuity earned by convicts released was Rs. 1-6-7 during the year under report against Rs. 3-2-1 in the year 1919.

The practice of mustering prisoners and explaining to them the benefit of the remission rules is being enforced in both the Jails.

24. *Statement No. VIII. Undertrial prisoners.*—At the beginning of the year there remained in the two Jails 151 prisoners of this class. New admissions numbered 1,355, making a total of 1,506 ; of these 135 were released on bail, 566 were discharged and acquitted by Magistrates, 601 were convicted and sentenced, 1 was transferred, 5 escaped and 3 died, leaving a balance of 195 at the close of the year. The number of admissions of Undertrials were on the increase during the year under report as it was the case last year.

25. *Civil prisoners.*—The number of Civil prisoners in the two Jails at the commencement of the year was 9,103 were admitted and discharged during the year leaving a balance of 9 prisoners at the end of the year. The daily average number of this class of prisoners was 6·32.

26. *Statement No. IX. Gross expenditure.*—Excluding the outlay on repairs to buildings the gross expenditure for the year in the two Jails was Rs. 1,30,303-6-10 against Rs. 104,778-5-5, *i.e.*, Rs. 25,525-1-5 in excess of the expenditure of the previous year. Out of this amount, the expenditure under the head, Dietary Charges, s responsible for an increase of Rs. 18,773-2-10 due to the high rates at which the ration articles were purchased during the year and also to the increased daily average number of prison population.

The expenditure under the head clothing and bedding of prisoners also shows an increase of Rs. 3,463-0-5, which is chiefly due to the increase in the number of convict population of the Jails.

The excess of expenditure of Rs. 2,618-5-8 under the head establishment charges is due to the grant of high price allowance to all the officials of the Jail Department.

The increase under other heads is chiefly due to abnormal prices at which the articles required for use in the Jails were obtained during the year and consequently the cost per head in the Jails rose from Rs. 113-2-5 in 1919 to Rs. 125-5-11 during the year under report.

27. *Statement No. XII. Employment of convicts.*—Among the daily average number of 844·76 convicts 790 or 93·49 per cent were available for work, the rest being either convicts undergoing simple imprisonment, sick and convalescent or infirm or those that could not be employed for other reasons.

Out of the convicts avilable for work 93 or 11·77 per cent were employed as prison officers, 99 or 12·53 per cent as prison servants and 217 or 27·46 per cent on manufactures.

28. *Statement No. XI. Cash earnings.*—The result of employment of convicts on manufactures was that a sum of Rs. 12,629-8-8 was realized as revenue against Rs. 13,868-0-9 during the year 1919. The average cash earnings per head of working convicts fell from Rs. 18-8-8 to Rs. 15-5-9 in the year under report. *The decrease is mainly due to less sales effected in the Manufacture Department of the two Jails in consequence of the high prices of raw materials required for* manufactures and also to a great number of manufactured articles such as prisoners, clothing and cumblies, etc., used for prison consumption.

29. *Net cost of prisoners.*—The gross cost of maintenance of prisoners in the two Jails amounted to Rs. 1,30,303-6-10 as mentioned in para 26. If the total cash earnings of Rs. 12,629-8-8 is deducted from this amount the net cost of maintenance comes up to Rs. 1,17,673-14-2 or Rs. 113-3-6 per head against a net cost of Rs. 90,910-4-8 or Rs. 98-2-10 per head in the year 1919.

This increase is due to the reasons stated in paras 26 and 28 *supra.*

30. *Industries in the two Jails.*—There is much scope for improvement of Industries in both the Jails. Proposals submitted to Government in this connection together with the scheme for revising the establishment of work instructors are pending their orders.

Under the existing conditions with inadequate facilities and under-paid instructors, it is not possible to increase the income of the Jails. In order to place the Industries on a more profitable footing, the appointment of a technical expert

to advise and supervise the work done in the Jails, appears to me indispensable. The need of a highly trained and adequately paid staff of instructors is also greatly felt. Increased facilities in the way of up-to-date machineries for weaving, etc., are urgently needed. The cotton articles manufactured at present in the Jails such as sheetings, towels, dusters, etc.., are very coarse and inferior in quality. There is a great future for the carpet industry which requires expansion under skilled workmen. A show room in a prominent part of the town to exhibit the manufactured articles of Jails is needed, in order to acquaint the public of the possibilities of our Jails and to invite more customers. Unless this work is done on a purely business basis with a better class of trade instructors and better equipped work shops, it would be idle to expect an increase in the Jail income.

It is also desirable that all the chief industrial work of a remunerative nature should be confined to the Central Jail, instead of splitting it among the two Jails, as at present as it would be easy of equipment and supervision. Less important manufactures not requiring expert supervision such as prison clothing and cumblies and such like articles may be manufactured in Mysore Jail.

The practice of sending out convicts for extra-mural work needs stopping at once as it is unremunerative. These convicts could be profitably employed in the work sheds which would be remunerative to Government and instructive to the prisoners themselves. If extra-mural work is stopped, a less number of warders will be required for the Jails.

Part II (Lock-ups).

31. The District and Taluk Lock-ups in the State remained the same as in previous years.

The dual control of the Taluk Lock-ups by the Police and the Prisons Department is not sound. The location of Taluk Lock-ups with separate establishments of their own at places where Special Magistrates' Courts are held and the abolition of such Taluk Lock-ups where Amildars are not exercising magisterial powers are becoming necessary. The construction of a compound wall to the Special Lock-up at Kolar Gold-Fields has been nearly completed during the year under report.

32. The table given hereunder shows the number of all classes of prisoners admitted and discharged in the Lock-ups of the State during the year under report.

—	Convicts		Under-trials		Civil		Total		Total
	M.	F.	M.	F.	M.	F.	M.	F.	
Remained at the commencement of the year	52	4	323	10	0	0	375	14	389
Admitted during the year...	1594	64	6583	373	8	0	8185	437	8622
Discharged	1593	68	6692	373	8	0	8293	441	8734
Remained at the end of of the year	53	0	214	1	0	0	267	10	277
Daily average	59·14	1·83	260·69	11·66	·27	0	320·10	13·49	333·59

It is seen from the above table that at the beginning of the year under report there remained in the Lock-ups of the State a total population of 389 prisoners of all classes, 8,622 were admitted, 8,734 were discharged from all causes and 277 remained in confinement at the end of the year. The daily average number of prisoners was 333·59 against 410·71 in 1919.

33. Out of 8,622 admissions the number of convicts was 1,658. Under-trials 6,956 and the Civil prisoners 8.

34. *Convicts.*—Out of 1,658 convicts admitted into the Lock-ups of the State during the year, only 778 convicts were of one month's imprisonment and under, who underwent the sentence in the Lock-ups. Out of this number (778), 739 or 94·99 per cent were males, 39 or 5·01 per cent were females.

35. *Religion.*—Out of 778 admissions, there were 13 Christians, 104 Mahommedans, 660 Hindus and 1 Jain.

36. *Age.*—Among 778 admissions into the Lock-ups, 14 prisoners were under 15 years of age, 630 were between 16 and 40, 123 were between 40 and 60 and 11 were above 60.

37. *Education.*—Classified according to education. One hundred were able to read and write, 3 were able to read only, and 675 were illiterate.

38. *Previous occupation.*—Out of 778 convicts admitted into the Lock-ups of the State during the year under report, there were 739 males of whom :—

11 were Government or Municipal servants.

2 were persons in personal service.

13 were professional persons.

555 were agriculturists.

19 were engaged in commerce and trade.

13 were employed in mechanical arts and manufactures.

126 were persons engaged in miscellaneous work not classed otherwise.

39. *Civil condition of females.*—Out of 39 female convicts admitted into the Lock-ups :—

22 were married.

8 unmarried.

9 widows.

40. The number of convicts released from the Lock-ups from all causes during the year was 1,661. Of whom 876 were sent to Jails within the State to undergo sentence, 40 were released on bail, 742 on expiration of sentence, 3 escaped. The balance at the close of the year was 53 and the daily average number was 60·97.

41. *Undertrial prisoners.*—At the beginning of the year under report, there remained in all the Lock-ups of the State a total number of 333 undertrial prisoners; 6,956 were admitted during the year making a total of 7,289 prisoners. Of these 648 were released on bail, 2,069 were discharged and acquitted by Magistrates, 1,712 were released by Police, 1,553 were convicted and sentenced, 1,070 were transferred from one Lock-up to another, 10 escaped and 3 died leaving a balance of 224 at the close of the year. The average period of accused undertrial is 19 days during the year under report against 16 days in 1919.

42. *Civil prisoners.*—There were 8 admissions of civil prisoners in the Lock-ups of the State (5 in the District Lock-up, Shimoga and 3 in the District Lock-up, Chitaldrug) during the year under report and these 8 were released during the year leaving no balance at the end of the year.

43. *Expenditure in Lock-ups.*—The gross expenditure in all the Lock-ups of the State amounted to Rs. 51,300-15-4, during the year under report against Rs. 52,200-12-8 in 1919. The small decrease is due to the less number of average prison population confined in the Lock-ups during the year; but the cost per head rose to Rs. 153-12-6 during the year from Rs. 127-1-7 per head in the year 1919 for causes already mentioned in para 26.

44. *Employment of convicts.*—Convicts confined in the Lock-ups are usually employed in cleaning the Lock-up premises and in preparing food to the inmates of the Lock-up and as such no amount is shown as earnings in any of the Lock-ups. But in the District Lock-ups at Hassan and Shimoga an amount of Rs. 15-12-1 and 43-1-10 respectively, has been realized from the sale of grass and other garden produce.

Part III.

45. *Observations on the general administration of the department.*—The year under report opened with a balance of 1,343 prisoners of all classes confined in the Jails and Lock-ups of the State. 12,034 prisoners were admitted, 11,959 were discharged from all causes and 1,418 remained in confinement at the end of the year. The daily average number of prisoners was 1,372·94 against 1,336·71 in the previous year.

46. The gross expenditure incurred in the department during the year was Rs. 1,81,604-6-2 against Rs. 1,56,979-2-1 or 132-4-4 per head of average strength against Rs. 117-6-11 per head during 1919.

47. Mr. Mahomed Obeidulla was in executive and general charge of the Bangalore Central Jail throughout the year and Drs. Asirvatham and Abboy Naidu were in Medical Charge of the Institution, the former from 1st January to 26th October 1920 and the latter from 27th October 1920 to the end of the year respectively.

Dr. C. Rajagopal Mudaliar was in eneral and medical charge of the Jail at Mysore from the beginning of the year up to 14th November 1920 and he was succeeded by Dr. B. K. Narayana Rao, who continues to be the Superintendent and Medical Officer of the said Jail.

48. The health of prisoners in the Jails and Lock-ups of the State was good throughout the year. The total number of deaths of all classes of prisoners being only 15 against 17 in the year previous. Out of 15 deaths, 9 were convicts and 6 were undertrial prisoners.

49. There were 7 deaths among convicts in the Bangalore Central Jail and 2 in the Mysore Jail due to the following causes:-

Bangalore Central Jail.	2	due to dysentry	*Mysore Jail.*	1 due to Tuberculosis.
	1	" Malarial fever		
	1	" Tuberculosis		1 due to Chronic intestinal obstruction.
	1	" Hyperthyroidism		
	2	" Pneumonia		

50. The percentage of deaths among convicts when compared with the average strength will work out thus:--

	Average No. of convicts.	*Deaths.*	*per cent.*
Bangalore Central Jail	700		1·00
Mysore Jail	144·76		1·38

51. Out of 6 deaths among undertrial prisoners 2 occurred in the Bangalore Central Jail and one in the Mysore Jail and one each in the following districts, *viz.*, Bangalore, Tumkur and Shimoga.

52. *Mortality among convicts according to length of original sentence.*—Of the 9 deaths among convicts 4 occurred among those who were undergoing sentences not exceeding one year ; 2 among those whose sentence did not exceed 3 years, 1 among thoes whose sentence did not exceed 7 years and 2 among those whose sentence was above 7 years.

53. *Mortality according to the length of time passed in Jail.*—Out of the total number of deaths among convicts 5 died within 6 months after admission to Jails, 1 within one year and 3 within 7 years.

54. *Accommodation.*—There was over crowding in the Bangalore Central Jail during the year on account of large number of admissions of undertrial prisoners. These prisoners had therefore to be confined for some time in the barracks intended for convicted prisoners.

The District Magistrates of Kolar, Tumkur and Shimoga have been requested to arrange for separately confining undertrial prisoners from convicts. In such of the Taluk Lock-ups where sufficient accommodation is not available for the purpose, proposals for constructing separate wards for each class of prisoners have been called for, but not yet received from the Magistrates.

55. *Condition of convicts discharged.*—The total number of convicts discharged during the year was 3472 against 3895 in 1919. Of these 1661 convicts who were released from Lock-ups were not weighed as the system of weighment is not in force in Lock-ups. Out of the remaining 1811 convicts who were released from Jails 1028 had gained weight 337 had lost weight and the remaining 446 had neither gained nor lost.

56. *Drainage and conservancy.*—There was no change in any of the Jails or Lock-ups of the State in the arrangements for drainage and conservancy.

57. *Diet.*—Articles of diet as prescribed in the Jail and Lock-up Manuals were issued to prisoners confined in Jails and Lock-ups of the State, the tender system being followed as usual in procuring the articles of diet.

58. *Water-supply.*—The water required for the use of prisoners in the two Jails at Bangalore and Mysore and at the Lock-ups at Kolar, Chikmagalur, Chitaldrug, Harihar and Kolar Gold-Fields is obtained from pipe connection of the Water-Supply Department but in all the other Lock-ups it is obtained from wells situated in or near the compounds of the Lock-ups concerned. The supply was abundant and whole-

some throughout the year with the exception of a few weeks during the hot season, when the supply in the Bangalore Central Jail and Mysore Jails was insufficient.

59. *Clothing and bedding.*—Clothing and bedding were issued to prisoners according to seasonal requirements and rules in force.

60. *Religious and moral instructions in Jails.*—Religious teachers of different denominations, *viz.*, Christian, Musalman and Hindu were allowed to hold religious classes in the Jails on every Sunday for prisoners of their respective persuasion, and the arrangement worked satisfactorily during the year under report. The prisoners who were literate were also allowed to have the use of religious books to read in their leisure hours. As per para 11 of Government Order No. G. 5750-63—Pris: 48-19-7, dated 11th September 1920, the Inspector-General of Education was consulted during the year in the matter of imparting religious and moral instructions to convicts in the Jail and the proposal submitted to Government in that connection is pending their orders.

61. *Inspection of Jails and Lock-ups.*—The Central Jail at Bangalore and the District Jail at Mysore were inspected by me once in detail during the year under report. In addition to the detailed inspection I visited the Central Jail at Bangalore three times and the District Jail at Mysore six times during the year. Six District Lock-ups, one Special Lock-up and four Taluk Lock-ups were also inspected by me in detail during the year but more inspection work of the Lock-ups could not have been done owing to the change of Inspector-Generals during the year.

The weak state of health of my predecessor Dr. C. A. Nanjappa prevented him from making any extensive inspections. When I was appointed to act for him, I had also the charge of the Victoria Hospital for sometime, which prevented my going out on tour. All the above inspections were done by me during the short period at my disposal from the time I was relieved of the charge of Victoria Hospital up-to the close of the year.

The total number of Lock-ups inspected during the year by the District Magistrates of all districts is 51.

62. *Non-official visitors.*—Mr. M. Venkatakrishnaiya, the non-official visitor of the Mysore Jail, visited the Jail once during the year but those appointed to the Bangalore Central Jail did not pay any visits to the Jail during the year under report.

63. *Official visitors.*—The only official visitors that visited the Jails and Lock-ups during the year were the Sessions Judge, Bangalore, the Sanitary Commissioner in Mysore, and the Sessions Judge, Shimoga.

The 1st and the 2nd visited the Central Jail at Bangalore, twice and once respectively. The last officer visited the District Lock-up at Chitaldrug once.

64. *Establishment.*—The following subjects require the earnest consideration of the Government and early settlement.—

(1) Construction of a new Central Jail at Bangalore.

(2) Establishment of a Reformatory for Juvenile offenders.

(3) Improvement of manufactures in the Central Jail.

(4) Revision of establishments of the department.

65. *The Jail staff.*—In the proper administration of any Jail, it is essential that all the officers and the subordinate staff should be recruited from the best available material. It is to be regretted that the educational standard of the subordinate staff of our Jails is very low and the work of the Jails has thereby suffered on account of their inefficiency. The low pay offered and the slow promotions in service have kept back the best men from seeking service in the Jail Department. It is also desirable for the better administration of the Jail that the staff should be divided into two branches, executive and clerical. At present there is no such line of demarcation and an official who has spent a longer portion of his service on clerical work is suddenly called upon to fill a vacancy in the executive branch, for which he is not fitted, otherwise he loses his promotions.

66. *Warder establishment.*—The scale of pay of the warder establishment needs early revision in order to recruit a better class of men for the service. The nature of their work is more tedious and monotonous than that of an ordinary constable and their close association with the prisoners has great influence on them either for good or for

evil. Most of the warders in service are open to temptation and curruption forced by the meagre pay offered to them. To make the post attractive, the warders should be given a pay higher than that of a constable with free quarters near the Jail. Unless some such encouragement is shown, it will not be possible to secure an honest and conscientious class of men for this work.

67. The staff of my office has worked satisfactorily during the year.

68. On the whole, the health, discipline and conduct of prisoners were good throughout the year.

I have the honor to be,
Sir,
Your most obedient servant,
H. B. MYLVAGANAM,
Offg. Inspector-General of Prisons.

GENERAL SUMMARY.

Statement showing the distribution of the prisoners of all classes confined in the Jails and Lock-ups of the Mysore State during the year 1920
